

Tic-Tac-Toe

How The Game Works

(Add on Page 1 of App)

Welcome to The Game. Tic-tac-toe is a game for two players; namely, X and O, who **take turns marking the boxes in a 3×3 grid**. The player who succeeds in placing three of his/her marks in a vertical, horizontal or diagonal row first wins the game; otherwise, the game is a draw. To start the game, Player 1 can mark any of the 9 spaces. Then, Player 2 can mark one of the remaining 8 spaces and so on. The game continues until all the spaces are marked or one of the players win.
